WARNING: This is not a toy. Keep away from children. Always inspect for damage before each use and never use a damaged handle. Never align stretched cable with face or other sensitive body parts. Use extreme caution as this resistance cable contains elastic properties and will snap back if stretched and released. Safety goggles are recommended during use. Using this product for unusual exercise or using it for purposes other than for which it is intended will increase the possibility of product failure and could cause injury or death. Protal S assumes no responsibility or liability for personal injury, property damage or other loss sustained through the use of this product.
